AGED FARMER STUNG TO DEATH BY BEES

Wood County Man Suffers Terribly before Death Relieves Him.

PARKERSBURG, June 27.—While attempting to transfer a swarm of bees from a bee tree which he had just chopped down, to a hive which he had prepared, Drury Badgley, aged 83, of Pleasant Hill, was so badly stung about the head and face that he died within an hour afterwards, on Wednesday afternoon.

During the morning Mr. Badgley had been out in the field hoeing corn and noticed a swarm of bees passing by. He followed it and found that it had gone to a tree on the farm and made plans to cut down the tree and secure the swarm. It was about 2 o'clock in the afternoon when the tree was felled and Mr. Badgley started to transfer the bees.

Evidently the bees were angry for they attacked the old gentleman and stung him terribly. He went to his home where the common remedies were applied for bee stings. He was asked if he wanted a physician, but would not allow the members of the family to send for one. Within a short time after reaching the house he commenced to sink and it was soon apparent that his condition was serious. Death occurred in a very short time. His face and head were badly swollen and it is evident that the sting of the bees poisoned him.

Mr. Badgley has lived in the vicinity of Pleasant Hill for at least fifty years and during that time has acquired a competence. He was the owner of a fine farm and was reputed to be otherwise in good circumstances. He was well known and held in the highest esteem by all the people of that section, to whom his sudden death came as a surprise and a shock.

Mr. Badgley is survived by his wife and five children, three sons and two daughters, as follows: John Badgley, of South Parkersburg; George Badgley, of Nideley, W. Va., who is employed at the Rig and Reel works in Parkersburg; A. D. Badgley, of Pleasant Hill; Mrs. Howard Nicely, who lives at home; and Mrs. Matthews, of Parkersburg.

The funeral services will be held at the Pleasant Hill church Friday morning at 10 o'clock. Burial will be at the Pleasant Hill cemetery.

EDISON

Picture Sent to Local Woman's Christian Temperance Union.

"A Man in the Making," is the title of one of the pictures to be shown in the big show to be produced at the Bijou theater for the ladies of the Women's Christian Temperance Union Friday afternoon and evening. This picture will be sent direct from Thomas A. Edison's studio and is a strictly high class reel.

"Dick," a boy working in a shop, accepts an offer of a place working in a gambling establishment in the hope of getting out of the rut. When the house is raided, he drops out of a side window to escape the officers, and finds himself in a yard of a residence and face to face with a beautiful girl who receives his explanation with sweet dignity and leaves him to make his escape as he chooses. Somehow he never can forget her and life seems different to him after this experience. He declines a further offer from his gambling friend, and accepts the first opportunity to better himself. This comes from an invitation to join the Y. M. C. A. classes for mechanical drawing and here he begins to feel that he is on the right road to worthiness of his ideal—the girl of his dreams. Things go well until passing her house one day, he sees her come out accompanied by another young man. He then realizes his own unfitness in comparison with the gilded youth, but having started on the right road he perseveres. His knowledge gained in technical drawing helps him to devise an automobile gear and he is promoted to an office position with the firm of manufacturers with whom he is employed. In the Y. M. C. A. gymnasium he meets the young man which he had seen with his ideal and whom he supposes to be her fiancé. One day this young man comes to the factory to ask for him on some matters of repairs and when he accompanies him to the machine standing at the door he is introduced to the man's sister, who proves to be the girl of his dreams. The picture closes with a more than probable love story on the horizon.

BRYAN

(Continued from page one.)

It extended well into the night. No choice was expected on the first ballot, owing to the two-thirds rule.

Bryan's presence at the resolutions committee was delayed today by the crush of visitors in his apartments. Collieries and countless he was surrounded in his rooms and he said he had not had time to shave.

Pleased with the events of the last twenty-four hours, he said:

"The convention yesterday," clipped off the tail of Thomas F. Ryan's cat."

He had previously referred to the New York financier as cracking a cat of nine tails over the convention.

COAL MEN

Are Making An Inspection Trip of the Mines in This District.

This morning a special train passed through the city containing officials of the Consolidation Coal Company, of Baltimore and Fairmont, who have been making a tour of the southern end of the state where they have a large number of mines. They inspected the working of their holdings in that section.

The mines of the Consolidation will be inspected in the Fairmont region and from there the special will be taken charge by the Baltimore and Ohio and run through to the Pennsylvania, going over the Morgantown branch to Uniontown and Connellsville.

There are two cars in the train and about a dozen officials on board.

CLARK MEN

(Continued from page one.)

Cheers greeted the name of Clark as the South Dakota case was discussed. Delegate Crane, of Texas, spoke for the minority report, and Blanchard, of Louisiana, for the majority.

The debate on the South Dakota case indicated the lineup between the Clark and Wilson forces and a possible test vote. While Blanchard was speaking Senator Ollie James, permanent chairman, entered the hall.

There was much disorder and the speakers were frequently interrupted by demands for a vote. Theodore A. Bell, of California, was greeted with jeers from Wilson supporters when he charged that the second Clark ticket had been put out to divide the Clark vote. The New Jersey delegation shouted in front of the platform directly "be honest, Hearst."

"Over 7,000 votes were cast for Clark in Dakota," shouted Bell, "and for Wilson" yelled the Jerseyites. Delegates shouted questions from the floor and the convention was in an uproar.

Wilson pictures mounted on poles appeared in the galleries, and an organized Wilson yell was started.

Clark banners also appeared, and Underwood men joined in the demonstration, shouting for their man. "New York and Win With Wilson" was on a banner which came from apparently from nowhere, and Wilsonians yelled but New York did not follow.

A young woman was lifted to a seat in the Missouri delegation, swinging a Clark banner and stirring the crowd to new frenzy.

After twenty minutes the delegates began parading with banners, while frequent flashlight explosions punctuated the bedlam of sounds.

An attendant of the state reform school for boys at Pruntytown came to Clarksburg Thursday morning and took three runaway boys, who captured here the night before, back to the school.

The boys are Robert Clay, McKinley Jones and Orla Thompson. They were taken into custody Wednesday night by Lieutenant N. M. Whyte and Policeman Shope just after they had left a freight train at the Baltimore and Ohio railroad station. The boys were put in jail and authorities of the reform school were notified by telephone of their capture. The local police department was asked to detain them until the attendant came after them.

Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.
